UNDER 8’S DAY AT SCHOOL—WED 31st MAY 9-11am

CHAMPIONS READ (read, read and read!)

COMPREHENSION is understanding the text we’re reading.

The focus comprehension strategy in Year 3 to 6 for this week (and next) is MAKING CONNECTIONS.

MAKING CONNECTIONS is when readers make links or associations between what they read and their prior knowledge.

There are three kinds of connections readers can make:
Text to self—when what is being read has a connection to the reader’s personal experience.

Text to text—when what is being read can be connection with other texts.

Text to world—when the readers relates what is being read to the wider world.

We don’t always make a connection with every text we read but any connection made helps to enhance our understanding (comprehension) of the text. The more connections made, the more likely it is that the reader will understand the text.

SSP HELPS THABEBAN STUDENTS SPELL CORRECTLY
Here is how children are using our SSP spelling strategy.

SSP Spelling Strategy
- say the word
- listen for the speech sounds and work out how many there are (duck hands)
- draw a line for each sound and number it
- choose the sound pics (clouds)
